

Code 10250WD

Industry

Skipper Washdown

Unique turbine gun used at major mine sites throughout Australia. Designed for inverted operation, developed to address safety and efficiency concerns of manually hosing.

Solid brass, dust-proof, impenetrable base.

Stainless steel nozzle extension

Easily automated, efficient and safe operation

Net weight
6.7 kg

Connection
1" 1/2 BSPF

Size
Ø 1280 mm x 330 mm

Nozzle
Ø 10 - 24 mm

Angle
2.5°
(-0.5 - 5.5°
with flip nozzle)

Pressure

Nozzle	2 bar		3 bar		4 bar		5 bar
